

Refrigerated Display Cases ODA for Promotions

FEATURES:

Refrigerated display case ODA is a small mobile display case, perfect for impulse sales.

The showcase is easily adjustable in height and has a different angle tilt. In PF models, the shelf can be mounted on the required height depending on the laid out products. Good visibility inside the display case is achieved due to shockproof transparent sidewalls from PMMA and glasses located with front and back sides. Duct system allows evenly distribute cold throughout the interior volume. As an option, a wheel support is offered, protective shockproof bumper with extension system and price holders.

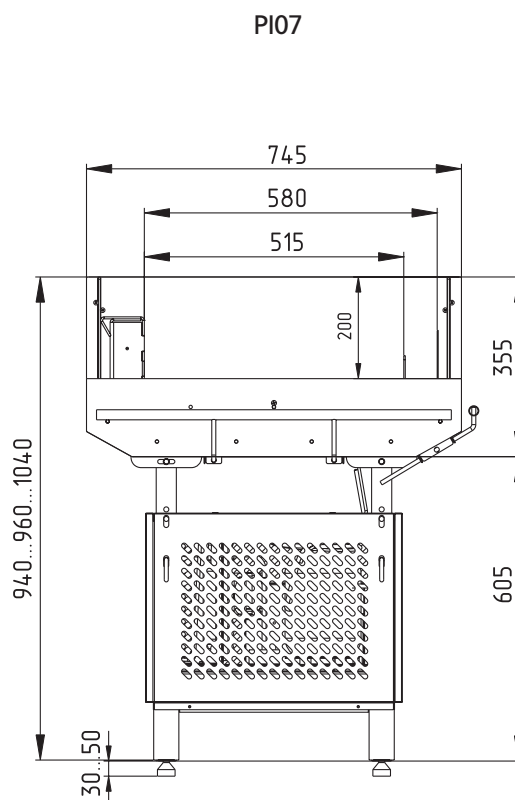

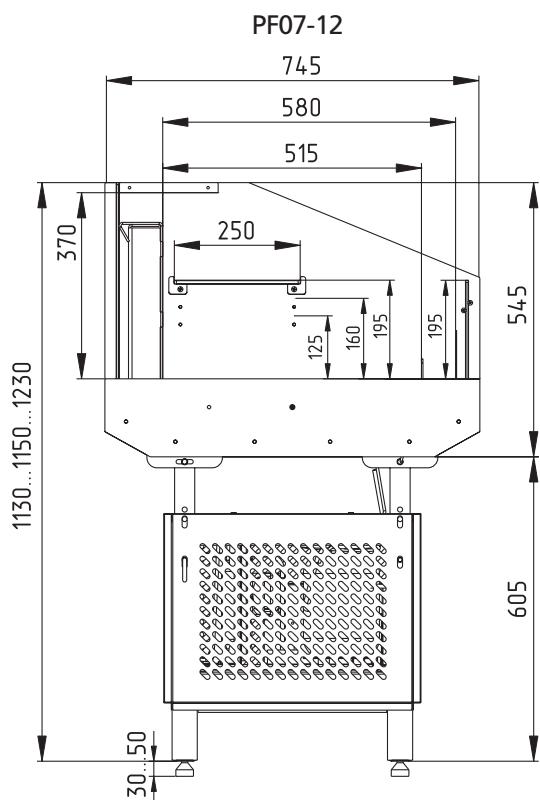

STANDARD COLOR OPTIONS:

gray&steel
